### **NEW Direct Care Worker Training Program**

AHCCCS has implemented a new training and testing requirement for Direct Care Workers (DCW) who provide direct care services (Attendant Care, Personal Care, and Homemaker) to ALTCS members residing in their own home. The new training program was implemented on October 1, 2012 and you will be informed by your manager if you need to take the training class. Alison Walker, Training Manager, will then contact you to schedule the training and testing. We are offering training at both the Chandler and North Valley training offices.
